4:30	<i>End of Day</i>	

## Health reform overview

The Australian Government will become the dominant funder of hospital services and have full policy and funding responsibility for GP, primary health and aged care.

What does this mean for NGO Health services

## Modern awards

**WHNSW Workshop for Managers and Financial Administrators** Almost every non profit community based organisation in Australia is affected by major changes to employment conditions which are occurring under the *Fair Work Act*. This workshop explains:

### What has changed:

- Modern awards and the National Employment Standards commenced on 1 January 2010
- In all states except WA, employers previously in state systems transferred to the federal system on 1 January 2010
- New arrangements for agreement making **and**
- New processes for unfair dismissal and the new “adverse actions” provisions

### What you need to do:

- Now
- From July 2010
- Next year

### What has not changed:

- How the Equal Remuneration case for the community sector will affect your organisation

## NGO REVIEW

Final recommendations of NSW Health NGO Review
